Endpoint Connection

💡 If you only need to use one display, please connect to HDMI 1 port.

CTP18 Connection
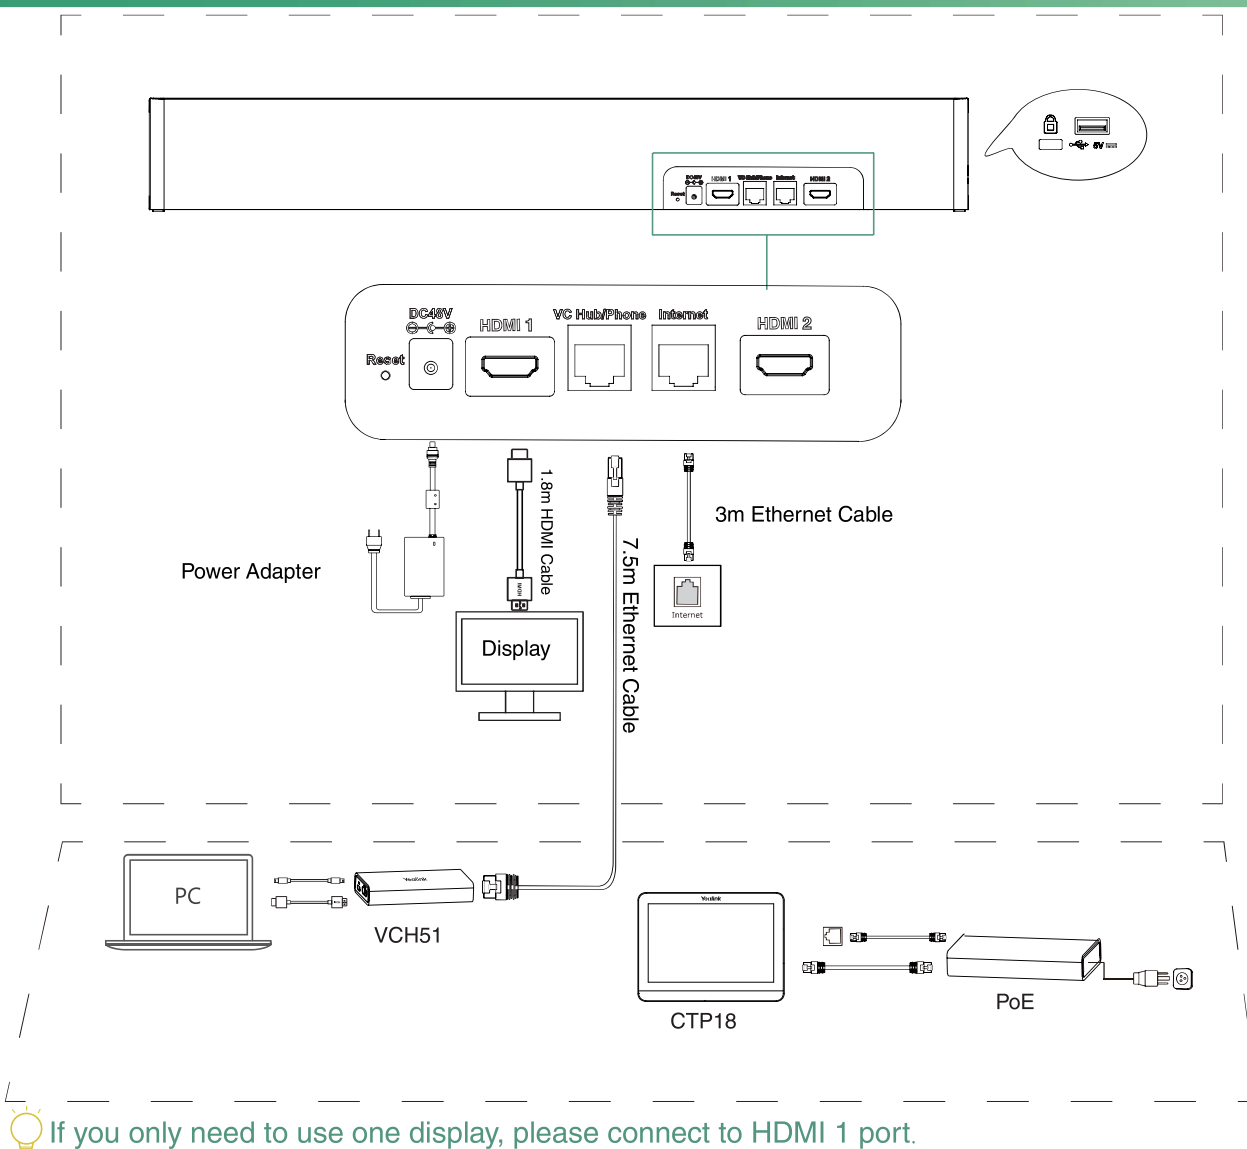

💡 Make sure that CTP18 and the MeetingBar A20 are in the same LAN.
Pair the CTP18 with A20-Teams:

Sign into the same Microsoft account on both CTP18 and the endpoint, then enter the PIN code according to the on-screen prompts, after that the system will be automatically paired with the CTP18.

Pair the CTP18 with A20-Zoom:

Enter the IP Address of the A20 in CTP18, then the system will be automatically paired with the CTP18.

Wireless Content Sharing

You can use Yealink WPP20 wireless presentation pod for wireless content sharing.

1. Connect the WPP20 to the USB port of the A20.
2. Wait for 3 seconds, the WPP20 LED indicator glows solid green after flashing twice.
   The WPP20 is paired with the A20 successfully.
3. Connect the WPP20 to the PC.
