

INSTRUCTIONS FOR BLUETOOTH PAIRING

1. **Press and hold** Volume+ until LED indicator flashes red and blue
2. **Open** your device's Bluetooth® settings and select "OpenComm by AfterShokz"

ALTERNATIVE NFC PAIRING FOR ANDROID

1. **Power on** your headset (press and hold Volume+ until LED indicator flashes blue)
2. **Unlock** your phone and turn on NFC (Please refer to your cell phone guide if needed.)
3. Position the headset's NFC sign area near the phone's NFC detection area(if necessary, accept the connection), until the phone shows NFC pairing is completed or the LED indicator blinks blue once. Pairing is completed.
