

Evolve range – Where is my dongle?

Those pesky little dongles can be hard to track down sometimes. We hope these pictures help!

Evolve 65 no stand

there is a little pouch inside the headset bag which keeps the dongle secure.

Evolve 65 + stand

When you open the box up there is a slot in the box that the dongle is sitting in. Be sure to remove this BEFORE throwing your box out.

Evolve 75 with & without stand.

Inside the case there is a groove that the dongle slots into to keep it secure.
