Important Note:

- * WPP20/WPP30 can be used with AX0 or MVC to connect up to four, but only one can be used for screen projection at the same time..
- * MeetingBoard 65&86: You can add Windows OPS (Max 1) and Floor-stand 65/86 (Max 1) to the kit.
- * Different types of Yealink microphones cannot be mixed use in one MTRoW system.
- * MVC-BYOD-Extender is not supported on systems with MSpeech
- * CPW90 can only be paired with UVC84 version with USB-A port, please check UVC84 hardware port in advance.
- * Expansion Mic : both built-in mic and expansion mic can pick up voice.
- * External Mic: only external mic can pick up voice; built-in mic only works for speaker tracking.
- * Multiple Cameras Solution: Teams Room on Windows support switching between multiple video cameras in Teams meetings while Yealink Multiple Cameras Solution(Based on AV-HUB) can bring multiple cameras with flexible layout in one video feed.
- * VCR20: Different versions of VCR20 cannot be mixed between MTRoW and MTRoA systems

Update Date: 27-Feb-2023
