

TO ACTIVATE BLUETOOTH ON A PLANTRONICS Savi 8000 SERIES BASE

- 1 Hold down the long silver button on the front of the headset base (Subscription button/LED) and the mobile phone button on the top of the headset base (Mobile phone button) at the same time.
- 2 You should only need to hold the buttons for a couple of seconds; you will see the mobile button at the top flash green. Once it flashes green Bluetooth has been turned on.
- 3 If you ever want to turn bluetooth back off just hold these buttons again and the mobile light will flash red when deactivated.
- 4 Then to put the headset into pairing mode click the BT button (Bluetooth pairing button/LED) Hold this until you see the Bluetooth symbol start flashing red and blue.
- 5 Once this is flashing, you will be able to search for devices from your phone and pair to the headset.
- 6 If your phone asks you for a password to connect it is - 0000
