✓ The Jabra UC VOICE 250 is a corded headset designed specifically for Unified Communication deployments. The over ear headset supports a mono speaker with a flexible noise-cancelling microphone boom arm. This makes the headset easy to transport and perfect for light-to-medium use by professionals who work in different locations during the day – both inside and outside the office. It is based on an award-winning behind-the-ear design. The design is very discreet and elegant, which makes the headset nearly invisible. The ergonomic wearing style provides superior comfort with a flexible design secures a perfect fit to the ear.
