✔ Why settle for the rest why you can have the best? The Sennheiser DW Pro 2 is part of the flagship DW range, and distils all of Sennheiser's considerable knowledge into 1 superb piece of hardware. It takes the DW Office to the next level, offering even more rugged build quality and ultra-noise cancelling. If you're happy to do without these extra features, opt for the still excellent DW Office and save yourself a few dollars. But if you want a headset without compromise, the DW Pro 2 is the answer.
