Plantronics/Poly BiWAY II Headset Handset Switch

\$47.00

✔ The BiWay allows convenient switching between headset and handset for phones that are headset ready and that do not require any other adapter. This headset/handset switch is designed for use with phones that are headset ready, and which do not require amplification. It allows users to switch between making calls with either the handset or phone headset. BiWay comes complete with a headset stand, and is easy to install.
